

**CODE:** P801502  
**Item:** Suspension set ES1500

## INSTALLATION MANUAL

1.	Take the suspension set and place it on the pole or wall as on the right picture.	
2.	Then, take the adequate bolt and tighten it through the aluminum bracket hole into the pole or wall to fix the suspension set to the pole or wall.	
3.	After previous step, take the messenger line of ABC cable (Aerial Bundled Cable) and place it into the clamp as instructed on the right picture.	
4.	Press the back side crimp to fix the messenger line of ABC cable into the clamp and achieve proper fixation without slippage.	
5.	The set is now ready for exploitation.	

**LEGAL NOTICE:**

The product must be installed only by a competent trained person with installation practices and with sufficient knowledge of good safety and installation practices in respect of electrical equipment. PLAMEN accepts no liability concerning claims resulting from misuse, incorrect installation or ignored national safety regulations or other national provisions. Failure to follow the installation instructions may result in damage to the product and serious or fatal injury.
